

Installation Instructions

(Figure 1)

(Figure 2)

(Figure 3)

1. **(Figure 1)** Remove screws that join the blades to the ferrule.
2. Remove the point and blade assembly. *(Set aside/save screws for reassembly).*
3. Check to ensure that the slots are clean and dry.
4. **(Figure 2)** Carefully install a new Point and Blade Assembly into the ferrule.
CAUTION: Blades are sharp!
5. **(Figure 3)** Align the slot in the blade with the screw hole and install one screw making sure that the screw is good and tight. Repeat for remaining blade(s)/screw(s).
6. Add a small drop of light oil on the shank of the point for smooth and quiet operation.

NOTE: It is not recommend that dull and used blades be re-sharpened.

CAUTION

This product may be extremely dangerous and will cause injury if handled improperly. To avoid injury use the enclosed safety wrench when attaching and removing broadhead. Store heads in quiver after assembly.
